## **PREFACE**

Bureau of Statistics has been releasing Development Statistics of Sindh since 1971. The present Publication for the year 2015 is the latest issue in the series. It contains latest available Statistics on socio-economic sectors (Climate, Population, Agriculture, Fishery, Forestry, Livestock, Food, Grain, Manufacturing, Electricity, Gas, Mining, Public Finance, Financial Institutions, Transport & Communication, Education Health and Crime) of the province. Information relating to National Accounts, Banking and Foreign Trade has been given at National level. A statistical abstract showing comparative picture of Pakistan and Sindh has also been given in the beginning of the publication.

I would like to place on record my appreciation for the hard work put in by the officers / officials of Bureau in bringing out this Publication.

It is hoped that data contained in this publication will be of immense use for administrators, planners, policy makers, research scholars and other users.

The information contained in this publication has been collected from various Government Departments, Autonomous Bodies and Corporations functioning at Federal and Provincial level. I gratefully acknowledge the departments for supplying data. We look forward to their cooperation in future as well.

Suggestions for the improvement of format and contents of future issues of this publication will be highly appreciated.

*Dr. Nasim ul Ghani Sahito*  
Director General

## **1.00 CLIMATE**

---

## **EXPLANATORY NOTE**

### **CLIMATE**

#### **METEOROLOGY**

This sub-section includes data on temperature (minimum & maximum) and rainfall recorded at selected stations at 08.00 and 17.00 Hrs, PST, daily by the meteorological observatories. The meteorological observers, also record other meteorological elements like air pressure, temperature (Maximum and Minimum) dry and wet bulb temperature, humidity, dew point temp., horizontal visibility, clouds wind (Direction and Velocity) and other important weather phenomena like thunder-storm, lightening, dust storm, hailstorm, fog., mist., etc. After recording all the meteorological data at hours mentioned above in the daily pocket register. The meteorological observatories transmit telegraphically these data in coded form to meteorological office, Karachi. The meteorological office utilizes these data to issue daily weather forecast. These data are also published in the regional daily weather report which is issued by the meteorological office, Karachi.

The meteorological observations recorded daily at different hours are copied by the observers in monthly meteorological register and this register is sent to regional centre at Karachi in the first week of every month. These registers are then thoroughly scrutinized by the trained meteorological staff at Karachi and necessary corrections are applied, where necessary.

## **2.00 POPULATION**

---

## EXPLANATORY NOTE

### POPULATION

Since the inception of Pakistan five Censuses have been conducted, the first one in 1951, the second one in 1961, the third one in 1972, fourth in 1981 and fifth census which was scheduled to be conducted in 1991 has been conducted in March, 1998, detailed results have been released. These Censuses were conducted by the Population Census Organization, Government of Pakistan. Population Census Organization defines urban areas as follows:

**Urban Areas:** - The 1961 Census defined "Urban" as "All Municipalities, Civil Lines, Cantonments and any other area inhabited by not less than 5,000 persons and consisting of a continuous collection of houses". In applying this definition it has been found that almost all urban areas are fully constituted Municipalities or areas administered by Notified Area Committees. In few cases places having distinctly urban characteristics have been classified as urban areas although their population falls a short of 5,000.

#### **Note:-**

As a result of administrative changes, numbers of new districts were created by bifurcating existing districts. Population figures in this publication are of the districts as stood in the year of census. For instance Ghotki district was created from within Sukkur district in the year 1993. This publication shows population of Ghotki in the year 1998 only.

#### **Population Projection**

The inter-censal growth rates (1981-98) were applied to Provincial & District Projections by using the following formula:

$$P_1 = P_0(1+r)^n / 100$$

Where,

$P_0$	=	Population of base Census
$P_1$	=	Population of latest Census
$r$	=	Growth rate
$n$	=	Time interval (in years) between two Census

## **4.00 AGRICULTURE**

---

**EXPLANATORY NOTE****AGRICULTURE**

This sector includes information on the following:

- i) Land utilization.
- ii) Agricultural inputs: canal withdrawals, sale of fertilizer, distribution of seeds and Consumption of pesticides.
- iii) Tube wells, bulldozers, plant protection and private & government farms.
- iv) Cropped area, un-irrigated and irrigated, by different modes of irrigation, total area sown under various crops.
- v) Area, production and yield per hectare of major crops, area & production of minor crops, fruits, vegetables, condiments and pulses.
- vi) Commanded & irrigated area by barrages.

Sources of collection of above data have been indicated in the bottom of the each table.

The method of collection and compilation of land utilization, crop acreage, area & production of crops data are explained below.

**1.LAND UTILIZATION**

Land utilization statistics are compiled by the statistical wing of Directorate of Agriculture Extension, Hyderabad, Agriculture Department, Government of Sindh on the basis of district wise information supplied by Board of Revenue, Sindh.

Definitions of important terms used in the land utilization statistics are given below.

- i) Total area reported: The total physical area of the village, deh or district etc. It includes cultivated area (net area sown + current fallow), culturable waste, unculturable land and forest area.
- ii) Forest area: The area of any land classed or administered as forest under any legal enactment dealing with forests. Any cultivated area which may exist within such forest should be excluded and shown under the heading cultivated area.
- iii) Total cropped area: The sum of total area sown during Kharif and Rabi seasons during a given year including Zaid Kharif and Zaid Rabi.
- iv) Not available for cultivation: The land absolutely barren, roads, canals, tanks, beds of rivers, torrents and ravines, sites of villages, houses hills, mountains. Sand dunes and all land devoted to uses alien to agriculture.
- v) Culturable waste: All cultivable land not actually cultivated. It should include all grazing and other land not included under forest.
- vi) Cultivated area: The land currently being used for agricultural purposes, included land under crops, orchards as well as current fallow. It is the area net sown plus current fallow.
- vii) Current fallow: The part of the cultivated area which has not been used for cropping during the year under reference but for which the total vacant period does not exceed three crop seasons. The land remaining vacant for more than three successive seasons should be shown under the head "cultivable waste".
- viii) Net area sown: The area which has been sown at least once in a year. It will include area under crops, fruit, vegetable etc.
- ix) Area sown more than once: The difference between the total cropped area and net sown.

## **2.CROP ACREAGE**

Census of crop acreage is conducted by the field staff of Bureau of Statistics through Revenue tapedars, in all about 6,000 dehs for Kharif and Rabi Seasons. The deh-wise crop acreage returns (specific proforma) filled in by the Patwaris/Tapedars are collected by the field staff of Bureau of Statistics. These returns are checked, edited, coded and processed on computer and finally acreage statistics are disseminated for the users.

## **3.AREA & PRODUCTION ESTIMATES OF MAJOR & MINOR CROPS**

### **i)Area**

Final estimates of area sown under wheat, cotton and rice crops are prepared through sample surveys undertaken by statistical wing of Directorate of Agriculture Extension, Hyderabad. For sugarcane farmer's opinion survey is conducted by the extension staff of Agriculture Department. The acreage data of other crops is collected from Board of Revenue by extension staff of Agriculture Department. These estimates are examined by the sub-committee comprising representatives of the Board of Revenue, Agriculture, Irrigation & Bureau of Statistics. Finally, these estimates are discussed and approved by Agricultural Statistical Co-ordination board headed by the Additional Chief Secretary (Dev.).

### **ii)Production**

Final production estimates of wheat, cotton and rice are prepared through crop cutting surveys undertaken by the extension staff of the Agriculture Department. Production of remaining crops are based on subjective judgment of the staff of extension wing of Agriculture Department. Consolidated major & minor crops estimates are checked/examined by the sub-committee comprising the representatives of Agriculture, Board of Revenue, Irrigation & Bureau of Statistics. Thereafter these estimates are discussed and cleared in the meeting of Sindh Agricultural Statistics Co-ordination Board along with other information available on fertilizer, pesticides, rainfall, water availability and agriculture credit.

## QUANTUM INDEX OF AGRICULTURE PRODUCTION

The quantum index number measures the tendency of crops in different period to facilitate the comparison in different times.

The quantum index number of major crops is based on laspyre's formula which is.

$$I = \frac{P_0 Q_n}{P_0 Q_0} \times 100$$

Where;

I	=	Index of Industrial Production
$Q_n$	=	Current Year Quantity (Production)
$P_0$	=	Base Year Price.
$Q_0$	=	Base Year Quantity.

The data of crop production is collected from Provincial Agriculture Department, Government of Sindh.

## **6.00 MANUFACTURING**

---

## **EXPLANATORY NOTE**

### **MANUFACTURING INDUSTRIES**

This Sector covers the Statistics on the following.

- i) Annual Census of Manufacturing Industries (C.M.I).
- ii) Monthly Survey of Industrial Production and Employment.

### **ANNUAL CENSUS OF MANUFACTURING INDUSTRIES (C.M.I.)**

In this sector industrial data relating to fixed assets, employment, employment cost, industrial cost, value of production and gross census value added for registered manufacturing establishments is provided.

Census of manufacturing industries is conducted annually as a regular feature under industrial statistics act, 1942 through joint efforts of Pakistan Bureau of Statistics, Government of Pakistan, Provincial Directorate of Industries and Provincial Bureau of Statistics, with the following distribution of work.

#### **Pakistan Bureau of Statistics**

- a) Planning of census in collaboration with Provincial Bureaus of Statistics and Directorates of Industries.
- b) Preparation of questionnaire, tabulation plan and editing instructions.
- c) Preparation and publication of C.M.I tables on national level.

#### **DIRECTORATE OF INDUSTRIES, SINDH**

- a) Printing of the questionnaire.
- b) Notification of the questionnaire in the government gazette.
- c) Mailing out of questionnaire.
- d) Collection of filled CMI returns.

- e) Preliminary editing of CMI returns.
- f) Maintenance of up-to-date list of manufacturing establishments.

### **Bureau of Statistics, Sindh**

- a) Scrutiny, editing and coding of C.M.I returns.
- b) Data Processing of CMI returns.
- c) Preparation and publication of provincial summary tables.

### **Scope & Coverage**

All establishments engaged in manufacturing or repairing activities whether for whole or part of the year and registered under the factories Act, 1934 are covered under the Census. The Defence and Government workshop though engaged in manufacturing activities and registered under said Act are excluded.

### **Definitions**

Definitions of important terms used in C.M.I. are as under.

#### **i) Registered Factories**

An establishment is said to be registered under section 2 (j) of factories act, 1934 (amendment of 1973) if ten or more workers are working on any day of the preceding twelve months and in any part of which manufacturing process is being carried on with the aid of power or is ordinarily so carried on but does not include mines subject, which comes under the operation of mines act, 1923.

#### **ii) Gross Value of Fixed Assets**

It includes the gross value of land, building, machinery and other fixed assets i.e. equipment, vehicles, furniture etc. at the end of the year.

#### **iii) Employment**

It includes average number of persons engaged in manufacturing activity during a month of the census year.

**iv)Employment Cost**

It includes wages and salaries, cash and non-cash benefits and the amount paid to employees.

**v)Industrial Cost**

It includes cost of raw materials, fuel and electricity consumed and payments to others for work done and repair and maintenance of the equipment.

**vi)Gross Value of Industrial Production**

It includes the value of products and by-products, receipt from industrial waste, receipts from industrial work done and services rendered to others, sale of electricity and value of "Net Work in Process." the value of products and by-products includes indirect taxes and exclude transport cost outside the factory gate.

**vii)Gross Value Added**

This is worked out by subtracting industrial cost from the gross value of industrial production.

**Limitations of C.M.I**

- i) The mailing list used for the census may not be up-to-date.
- ii) Reported data suffers from reporting errors and inconsistencies which were corrected on the basis of available supplementary information and past trends.
- iii) Census results become available with a time lag of five years chiefly due to the time taken in collection of filled-in returns from establishments.
- iv) Size and nature of non-response varies from year to year.

**MONTHLY SURVEY OF INDUSTRIAL PRODUCTION &  
EMPLOYMENT (M.I.P.E.)**

Statistical tables included in this sector contain data on production in respect of 96 items manufactured by selected large-scale industries in Sindh. These industries accounted for about 69% of "total value added" in manufacturing sector in the province.

Information on quantity produced by items and employment by categories is collected by the Bureau of Statistics through mail, fax, telephonic contacts and personal visits from about 535 reporting establishments every month. The results of the survey are finalized within a time lag of six weeks. In addition to collection, compilation, tabulation and processing of data, Bureau of Statistics has been regularly computing index of industrial production.

## INDEX OF INDUSTRIAL PRODUCTION

The index is designed to measure changes in physical output in large scale manufacturing industries. The weights for the index are based on census value added at factor cost (Gross value of production less industrial cost less indirect taxes). The coverage of the census is limited to the selected manufacturing establishments employing 10 or more persons. Items covered under index of industrial production account about 69% of the total value added.

The production data used for computation of indices is obtained through survey of monthly industrial production and employment carried out by Sindh Bureau of Statistics for selected industries/items in Sindh.

Laspyre's formula has been used for computation of index numbers, which is as follows.

$$I = \frac{q_n p_0}{\sum q_n p_0} \times 100 = \frac{\sum \left(\frac{q_n}{q_0}\right) p_0 q_0}{\sum q_n p_0} \times 100 = \frac{\sum \left(\frac{q_n}{q_0}\right) W}{\sum W} \times 100$$

- $I_n$  = Quantum of index for current period.  
 $p_0$  = Unit price of the item in the base period.  
 $W$  = Weight of an item  
 $q_0$  = Quantity of the base period.  
 $q_n$  = Quantity of current period.

## Index of Industrial Production of Sindh 2001-02 to 2013-14

---

**7.00 ELECTRICITY, GAS  
AND  
MINING**

---

## **EXPLANATORY NOTE**

### **ELECTRICITY AND GAS**

This sector includes data on electricity consumption and number of consumers by K-Electric Ltd & WAPDA. Number of new electricity connection given by WAPDA along with installed generating capacity of power statistics, natural gas consumption and its number of consumers in Sindh. K-Electric Ltd. (K.E) is responsible for generation and distribution of electricity to Karachi division whereas Water and Power Development Authority (WAPDA) generates electricity from national grid and supplies electricity to all the areas of Sindh excluding Karachi. Therefore, it may be concluded that totals of K-Electric Ltd and WAPDA figures represent Sindh figure.

The gas data is collected annually from SUI SOUTHERN Gas Company, which was formerly consisted of two factions namely Karachi Gas Company and Indus Gas Company. Karachi Gas Company is responsible for distribution of gas to Karachi division whereas Indus Gas Company is responsible for distribution of gas to interior Sindh (Excluding Karachi). The gas data given in table no. 7.09 and 7.10 includes data of Karachi Gas as well as Indus Gas company.

### **DEFINITIONS OF IMPORTANT TERMS**

#### **i) Domestic Consumption and Number of Consumers of Electricity**

It includes the general consumption for lamps, fans and other single phase house ware appliances. The rated capacity of any house-ware appliance should not exceed 4 kilowatts.

#### **ii) Commercial Consumption and Number of Consumers of Electricity**

It includes the consumption for commercial use of lamps, fans, heaters, air conditions, refrigerators, tube-wells (Non-agricultural) and all other single phase appliances whose rated capacity should not exceed 4 Kilowatts.

**iii) Industrial Consumption and Number of Consumers of Electricity**

It includes the consumption for industrial purpose in factories and also for tube wells and water pumps operating on three phase 400 volts. The supply given to the offices of the factories are also included.

**iv) Agriculture Consumption and Number of Consumers of Electricity**

It includes the consumption of electricity for agricultural purposes e.g. for irrigation pumps, tube wells etc.

**v) Others**

Others include public lighting and bulk supply.

**G A S**

**i) Domestic Consumption & Number of Consumers of Gas**

It includes residential colonies, mosques, other religious places, Government and semi Government offices, guest houses, armed forces messes, universities and other institutions.

**ii) Commercial Consumption and number of consumer of Gas**

It includes all establishment registered as commercial unit e.g. all shops, clubs, cinema houses and clinics.

**iii) Industrial Consumption and number of consumers**

It includes all factories engaged in manufacturing process.

**iv) Others**

Other includes consumption of gas by any other categories not mentioned above.

## **13.00 EDUCATION**

---

**EXPLANATORY NOTE****EDUCATION**

This sector covers three years data of the following categories.

- A. Schools
- B. Colleges / Institutions
- C. Universities

**A. SCHOOL**

The categories of Schools and respondents are as under:-

**Category of Institutions.**

Primary, Middle &  
Secondary.

**Respondents**

The data processing cell of Sindh Education Management Information system (SEMIS) consolidate data with the help of 23 district SEMIS cells in Sindh.

**Level of Schooling**

Primary Level.  
Middle Level.  
Secondary Level.

Primary Schools.  
Middle & Elementary Schools.  
Secondary & Higher Secondary Schools.

Primary Level covers.  
Middle Level covers.  
Secondary Level covers.  
Higher Secondary Level Covers.

Grades 1 to 5  
Grades 1 to 8 (Elementary: Grade 6 to 8)  
Grades 6 to 10 or Grades 1 to 10  
Grades 6 to 12 or Grades 1 to 12

**Scope & Coverage**

The information covers number of institutions, enrolment and teaching staff of Primary, Middle, and Secondary and Higher Secondary Schools by sex and by districts. SEMIS has covered only those institutions which are running under the Administrative control of Education Department, Government of Sindh. Due to non-response from a number of Private Schools, SEMIS has not compiled & published report. However, efforts will continue to cover the non responding private / autonomous schools by SEMIS.

**B. COLLEGES / INSTITUTIONS**

Current publication covers information / data of following three categories of college education.

**Category of Institutions.****Respondents****1. Non- Professional Colleges**

Intermediate, Degree &  
Post Graduate.

Data of Government Colleges is collected from Directorate of Colleges Education, Karachi, Hyderabad, Mirpurkhas, Larkana & Sukkur or Sindh Education Management and Information System (SEMIS).

**2. Professional Colleges / Institutions**

Medical Colleges  
Homoeopathic Medical Colleges  
Tibbia Colleges  
Engineering & Technology  
Law Colleges

Principal of the Colleges  
Principal of the Colleges  
Principal of the Colleges  
Principal of the Colleges  
Principal of the Colleges

Home Economics Colleges  
Physical Education Colleges  
Commerce Colleges  
Teacher's Training  
(Degree level)

Data of Government Colleges is collected from Directorate of Colleges Education, Karachi, Hyderabad, Mirpurkhas, Larkana & Sukkur or Sindh Education Management and Information System (SEMIS).

Teacher's Training  
(Below degree level)

Bureau of Curriculum & Extension  
Wing, Jamshoro.

**3. Technical Institutions**

Technical Colleges, Polytechnic  
Institutions, Monotechnic  
Institutions, Commercial Training  
Institutions and Vocational  
Institutions & Schools.

Data of Government Colleges /  
Institutions is collected from Sindh  
Technical Education & Vocational  
Training Authority (STEVTa).

**Scope & Coverage (Professional & Non Professional)**

The data of Intermediate, Degree and Post Graduate Colleges (Non-Professional Colleges) such as no. of institutions, enrolment, teaching staff by sex and by district pertaining to Government colleges is given in current issue.

In Professional side data of Private / Autonomous Homoeopathic and Tibbia colleges registered with Federal Government is also collected and incorporated in this publication, whereas rest of the categories of colleges / institutions pertains to Government sectors.

On Technical institutions side information about no. of institutions, enrolment and teaching staff by sex and by district pertains to Government institutions only.

**C. UNIVERSITIES**

**Category of Institutions.**

General  
Engineering  
Agriculture

**Respondents**

i) Pakistan Bureau of Statistics,  
Government of Pakistan,  
Islamabad.

The information given in this publication covers total no. of Universities, total enrolment and total teaching staff by sex of Government sector Universities & Private Sectors.

## No. of Institutions, Enrolment and Teaching Staff of Primary Schools in Sindh 2011-12 to 2013-14

- No. of Institutions
- Enrolment
- Teaching Staff

**Years**

---

## **14.00 HEALTH**

---

## **EXPLANATORY NOTE**

### **HEALTH**

Annual data in respect of the following items is presented in this section:

1. Number of Health institutions.
2. Number of Beds in Health institutions.
3. Medical & Para-medical Personnel.

#### **Coverage**

These statistics relate to Hospitals, Dispensaries, T.B Clinics, Rural Health Centers, Basic Health Units and Maternity & Child Health Centers located in the Sindh and administrated by Directorate General Health Services, Govt. of Sindh.

The Health institutions belonging to the Federal Govt., Defense Services and Private Doctors are not being covered.

#### **Data Collection System**

The Health institutions belonging to Directorate General Health Services in the Province maintain the record of number of beds and outdoor and indoor Patients. All type of Health institutions supply annual statistical returns to the District Health Officers containing information of number of Patients treated for various diseases, number and type of operations performed etc.. The District Health officers submit consolidated returns to the Directorate General of Health Services where the information is tabulated and consolidated at the Provincial level.

#### **Definition:**

##### **Health Institution**

A health institution is defined as an institution, which provides health services i.e. curative and preventive to all/specific class of public as out-door/in-door patients.

##### **Hospital**

Hospital is an institution having ten or more than ten beds. This definition is however not applicable to the institutions specially named by Government e.g. Rural Health Center Adilpur District Ghotki having twenty beds.

##### **Dispensary**

A dispensary is an institution having less than ten beds.
